BASS G18

Bass reflex passive subwoofer
European transducer
18" LF (4in VC)

Presentation:

The BASS series offers a professional passive subwoofers range becoming the perfect choice for sound reinforcement challenges demanding high SPL and natural-sounding bass response designed to enhance the ultra-low bass of an existing PA system. Both models are on bass reflex configuration and constructed of 18mm birch plywood featuring 18" loudspeakers with 4" voice coil delivering a nominal power handling of 1000W rms at 8 Ohms each giving low-ranging yet clearly defined bass response and rendering impulses with great accuracy in a very compact and robust enclosure. Punch and bass sensation do not have to be incompatible factors and this BASS series truly is a great example

Features:

- Bass reflex subwoofer
- 18" (4in) LF European transducer
- 1200W AES power, 4800W peak
- Dual Neutrik NL4 connectors
- Optimized for high SPL output
- Made for an impact bass
- Recesses on the top to facilitate the stacking
- Rugged and durable 18mm birch plywood
- Powder coated custom perforated steel grille

BASS G18

Bass reflex passive subwoofer
European transducer
18" LF (4in VC)

Technical specifications:

Acoustical

Type	Compact passive subwoofer
Configuration	Reflex Loaded
Power handling capacity	1200W (AES) 4800W (Peak)
Transducer type	1x 18" (4in) LF European transducer
Frequency response	27Hz - 200Hz (-10dB)
Recommended Low cut filter	35Hz Butterworth 18dB
Nominal Impedance	8 Ohm
SPL (1W/1kHz)	128dB @ 1m (continuous) 134dB @ 1m (peak)
Connectors	2x NL4 connectors

Physical

Cabinet	
Grille	18mm birch plywood with polyurea coating
Color	Custom perforated metal grille w/ acoustic foam
Hardware/Rigging	Black or white textured 4 wood feet, Ø35mm pole mount socket 2 side metal handles, 16x M6 inserts for castors
Dimensions	750x540x710mm 29.53x21.26x27.95in
Weight	41Kg 90.39lb

Dimensions:

BASS
G18 // G18A
